

TECH **tuesdays**

Network and learn with your Adult Basic Education peers

Join Tech Tuesdays MeetUp Group, a network of Adult Basic Education (ABE) administrators, educators and supporters who come together at Tech Tuesday events to:

- Share information, resources and ideas about new and promising tools
- Learn from each other how to use and integrate new and innovative web-based technology and tools in their programs
- Explore and discuss the benefits and shortcomings of web-based technology and tools in the ABE framework
- Network with individuals and organizations committed to advancing the ABE community
- Collaborate on new initiatives.

Tech Tuesdays is an informal setting for networking and learning with your peers - join us at our upcoming meeting.

OUR FIRST TECH TUESDAY MEETING!

'DELICIOUS' WAYS TO INTEGRATE TECHNOLOGY INTO PRACTICE

Tuesday, October 13, 2009 at 6 PM

AlphaPlus Centre, 161 Eglinton Ave E, Suite 704, Toronto, ON M4P 1J5

Our very first Tech Tuesday event will introduce participants to a web-based tool called *Delicious*, a free social bookmarking site that allows users to store, manage, and share links to web pages with the public and other educators and build a collection of online resources that can easily be accessed from any location.

In the meeting, we will share how to set up your own account, how to save and manage links to web sites as bookmarks, and how to use networks to share your bookmarks with others. During and after the session we will have a chance to mix, share opinions and ideas, and discuss if and how we use web-based tools in our programs and explore how Tech Tuesdays can help participants further their technology needs and objectives.
